Supplier Files

When you first install AwardPro you get the up to date component and product range for the Australian Trophy Industry. The program is designed so that you can easily update product ranges when suppliers provide new components and products. You can create the files yourself by adjusting the data the suppliers provide and use the AwardPro Import Wizard to import the data into your system.

AwardPro Pty Ltd do offer the files prepared and ready for import for the Australian trophy suppliers listed in the Supplier data list in the document. Price for these files may vary from year to year.
